Grant Date: November 14, 2006 : Examiner: Nelson Jr., Milton

For: ARMCHAIR FOR PUBLIC
TRANSPORT VEHICLES

REQUEST FOR CERTIFICATE OF CORRECTION

Commissioner for Patents
P. O. Box 1450
Alexandria, VA 22313-1450

March 6, 2007

Dear Sir:

Pursuant to 37 CFR §1.323, patentee respectfully requests that a Certificate of Correction be issued in connection with the above-identified patent. This request for correction is accompanied by a fee of \$100.00 as the errors set forth below occurred through the fault of the patentee.

Specifically, it is respectfully requested that Figures 4 and 5 of the drawings be replaced with Figures 4 and 5 of the corresponding Spanish Patent No. 200202598.

The facts are as follows. On October 14, 2003, the above-identified patent application was filed with the U.S. Patent and Trademark Office based on Spanish Patent Application No. 200202598. The Spanish application included five sheets of drawings.

However, as a result of a printing error, some of the lines in Figures 4 and 5 of the drawings are not well-defined. A copy of said drawings as filed are enclosed herewith for your reference.

Accordingly, the drawings were corrected when the Spanish application was granted. A copy of the corrected drawings is enclosed herewith.

These errors have only now been uncovered in connection with a review of the Patent Certificate. However, it is clear that the errors were made in good faith, and therefore correction is appropriate.

The corrections do not involve such a change in the patent as would constitute new matter or would require reexamination.

Kindly telephone the undersigned if any additional information or materials are required.

The Commissioner is hereby authorized to charge any additional fees which may be required, or credit any overpayment to Deposit Account 23-2820.

Respectfully submitted,

Noam R. Pollack
